**About Minco Mining & Metals Corporation:**

Minco Mining & Metals Corporation (TSX: MMM) is a pioneer among western mining companies in China. The Company has engaged a dynamic, proven management team in China and Canada that have evaluated over 400 projects since 1994. The result is that Minco has developed strong relationships with key Chinese mining organizations and has licensed the best portfolio of gold and base metals properties of any western mining company in China. Minco's focus going forward is to develop its assets quickly to become a leading gold producer in China and a strong partner to both Chinese and western mining companies operating in China.
